IGNACIO  
COMMUNITY  
LIBRARY

# IDEA LAB

The IDEA LAB is a makerspace and digital media lab in one location on the upper level with many opportunities to learn and practice new skills using a wide variety of activities and equipment.

To help accomplish this mission The Library lends some items so work can continue at home or on the job.

Other devices (denoted by an asterisk) and tools are only available for use at The Library. If you would like to receive instruction in the use of an item, schedule a session with staff.

# The advantages of owning without the hassles

## ACCESS TO THE LOT

The Library of Things (LOT) is available to patrons with a card in good standing.

Come in to the Library and fill out an agreement and release form.
